At Cozmikk, we are committed to redefining the way foreign actors move in China. Our mission is to provide comprehensive representation and support that empowers our clients to succeed in this exciting and dynamic market. We work closely with our clients to understand their unique talents and goals, and leverage our extensive network of industry contacts to create opportunities that help them achieve their goals.

The Founders: Kent and Karl

We are two Canadian actors with professional acting and entertainment industry expertise. We found talent representation, training and management to be lacking for foreign talent, so we created Cozmikk to do it ourself.
